in the fundamentals of accounting and the basics of financial statements and then builds upon that foundation to offer more advanced challenging concepts and problems this scaffolded approach helps students to better understand the meaning and relevance of financial information see its relevance within a real world context as well as develop the skills needed to analyse financial information in both their course and career while maintaining hallmark features of accuracy readability ease of understanding and a wealth of accessible algorithmic problems the 11th edition includes updated explanations coverage and ratio analysis with decision making guidelines these latest methodologies and technology ensure that students learn basic concepts in accounting in a way that is relevant stimulating and fun while exercises and examples from real world companies help students gain a better grasp of the course material

global financial accounting and reporting is a european focused introductory financial accounting textbook for students encountering the subject for the first time at mba and masters level structured around european ifrs the second edition of this text has been fully updated to cover recent changes to reporting standards and provides a concise and accessible guide to international financial reporting heavily supported by real world examples from multinational company accounts

for introductory courses in financial accounting taught from a more traditional preparer approach financial accounting helps students nail the accounting cycle financial accounting helps students nail the accounting cycle up front in order to increase success and retention later on the concepts and mechanics students learn in the critical accounting cycle chapters are used consistently and repetitively and with clear cut details and explanations throughout the remainder of the text minimizing confusion financial accounting 9e global edition has been fully adapted to include international financial reporting standards throughout and to include examples of ifrs compliant companies this global edition has been edited to include enhancements making it more relevant to students outside the united states for educator access contact your pearson account manager to find out who your account manager is visit pearsoned.co.uk replocator

looking for an introductory text in financial accounting then look no further than this book created by an experienced author team specifically for those with little or no previous knowledge of the subject with a clear written style this accessible book is unique in teaching financial accounting from a non country specific perspective using international financial reporting standards ifrs as its framework to explain concepts and standards building on the success of the first edition this truly international book continues to draw examples from europe the us and beyond and has been updated to incorporate the extensive changes of the past three years key features new expanded and amended coverage of group accounting and of financial analysis real life examples are included from a wide range of countries activities and why it matters boxes integrated throughout each chapter to challenge students and stimulate further interest end of chapter self assessment questions and answers exercises at the close of each chapter includes a glossary of terms used in ifrs and uk and us accounting ideal for undergraduate and mba students worldwide taking a first course in financial accounting maybe highlight this or put in a separate box this book is particularly timely it is written extremely clearly it is unusual in that it takes as its base the international accounting standards which i firmly believe are

going to be the worldwide requirements of the future sir david tweedie chairman international accounting standards boards refreshing in its breadth and comprehensiveness dr aileen pierce university college dublin david alexander is professor of accounting and head of the department of accounting and finance at the university of birmingham business school england christopher nobes is pricewaterhousecooper s professor of accounting at the university of reading england from 1993 to 2001 he was a representative on the board of the international accounting standards committee

this unique book is not written from a specific national perspective but adopts an international approach throughout it treats the topic of international financial accounting and reporting as a subject in its own right and not as an alternative or an extension to the existing domestic regulatory framework the book begins with an introduction to accounting and financial reporting followed by a description of the development of international standards and the present structure role and operations of the international accounting standards board while a major part of the book is devoted to a discussion on individual ifrs international financial reporting standards it also discusses income statements balance sheets and cash flow statements these financial statements are examined in the context of international financial reporting regulations and students are introduced to the main ifrs relating to those statements subsequent chapters examine individually the more complex standards a complimentary copy of the instructor s manual and the powerpoint presentations of the text materials are available for all instructors who adopt this book as a course text please send your request to sales@wspc.com

financial accounting a global approach presents accounting in a form familiar to major markets in the u s u k japan china france and other countries while unifying the material through international standards the general framework for discussion starts with international issues based on the work of the international accounting standards board iasb the text also acknowledges the plethora of standards that come from other sources and helps the reader understand the heterogeneous nature of the global accounting arena that is what the reader regardless of geographic location will take from this book the text also includes a mixture of terminologies used in accounting which will help the reader to develop a global accounting vocabulary comprehensive case studies are embedded within the text

now in its sixth edition financial accounting and reporting a global perspective is used worldwide by business and management students seeking an essential introduction to the field guidance through the complexities of financial accounting is offered from an international and user perspective based on the latest ifrs standards its comprehensive coverage incorporates original case studies decision making orientation and real life company financial statements from across the globe maximizing topicality and relevance to provide students with a thorough understanding of real world business the fresh contemporary text design features user friendly tables figures and diagrams that make theoretical explanations such as the technical aspects of accounting transactions more accessible end of chapter assignments have also been enhanced so that you now have a range of difficulty levels to choose from this aids students with independent practice and learning at their own standard of ability

global financial accounting and reporting 4e provides a complete companion to financial accounting

that takes management students with no previous knowledge of accounting from the mechanics of how financial records are structured through to being able to understand and analyze published consolidated financial statements the book is global in its approach it uses ifrs standards as its basis and so reflects the rules followed by nearly all european listed companies and by an ever increasing number of firms worldwide global financial accounting and reporting is primarily aimed at future users of accounting information such as managers and analysts it is therefore ideal for use at mba level it can also be used on financial accounting modules for business students at the undergraduate level

this text contains current and relevant information about the global marketplace free from regional and cultural bias written by authors with multinational and multicultural backgrounds this text is free of cultural bias and therefore provides complete coverage of every issue from every viewpoint

this proceedings volume examines accounting and financial issues and trends from both global and local economic perspectives featuring selected contributions presented at the 19th annual conference on finance and accounting acfa held in prague czech republic this book offers a mixture of research methods and micro and macroeconomic approaches to depict a detailed picture of the impact of global and local determinants on the globalized economy the global perspectives versus local specifics make the volume useful for not only academics and scholars but also for regulators and policy makers when deliberating the potential outcome of competing regulatory mechanisms the annual conference on finance and accounting acfa has become one of the biggest conferences in the central and eastern european cee region solely oriented to contemporary research in finance and accounting bringing together researchers and scholars from all over the world the conference provides a platform in which thoughts visions and contemporary developments in the field of finance and accounting are discussed

fully revised to include international financial reporting standards throughout the global edition of financial accounting helps you understand the key concepts and master the accounting cycle for introductory courses in financial accounting taught from a more traditional preparer approach and based on international financial reporting standards ifrs financial accounting global edition 8e helps students nail the accounting cycle up front in order to increase success and retention later on the concepts and mechanics students learn in the critical accounting cycle chapters are used consistently and repetitively and with clear cut details and explanations throughout the remainder of the text minimizing confusion myaccountinglab the text s online homework system then provides students with a personalized learning environment that tests and strengthens their skills and understanding through unlimited practice together financial accounting global edition 8e and myaccountinglab will help students have more of those i get it moments the global edition of financial accounting has been fully revised to integrate ifrs principles throughout and features company spotlights on international companies such as philips de beers m s and lenovo the eighth edition features new co author bill thomas of baylor university who brings his expertise on auditing ethics and internal controls it also features new co author themin suwardy of singapore management university who brings expertise on the ifrs framework and principles

this book is written by authors who clearly understand the challenges facing all who seek to understand and apply international standards i recommend it to you from the foreword by sir david tweedie chair of the international accounting standards board in this defining resource authors roger hussey and audra ong have compiled everything accountants executives and organizations in different countries need to reach agreement on accounting rules and standards international financial reporting standards desk reference includes a background on how the movement toward a common language for international accounting evolved to its present state summarizes existing standards highlighting the key issues covered and captures those terms and phrases that are fundamental to an understanding of the common language of global business written to help readers fully comprehend this global language international financial reporting standards desk reference includes an overview of the international accounting standards ias and inter national financial reporting standards ifrs and their impact a dictionary of words and phrases used in the international business world with a strong emphasis on terms used by the international accounting standards board history of the international accounting standards board how it was formed its structure and the way it operates insights on future trends of the international accounting standards board

an essential and intuitive treatment of financial accounting with an international perspective the use of international financial reporting standards is growing rapidly both outside of the united states and within especially as ifrs incorporates more us gaap rules in the newly updated fifth edition of financial accounting with international financial reporting standards a team of accomplished financial practitioners and educators delivers the newest version of their highly anticipated text this important work offers practical end of chapter exercises and practice problems complete with foreign currency examples as well as an emphasis on non us companies and examples it is perfect for accounting students seeking exposure to internationally utilized accounting standards
